chetangawde999@gmail.com

Mumbai , India

SUMMARY

DevOps Engineer with experience managing end-to-end cloud and Kubernetes infrastructure on AWS in an RBI-regulated NBFC environment. Strong expertise in CI/CD, Terraform, Docker, EKS, and Istio for secure, scalable, and automated deployments. Implemented centralized observability, disaster recovery, and security controls to ensure high availability and compliance. Achieved significant cloud cost savings through infrastructure optimization and monitoring.

EXPERIENCE

Devops Engineer , at Kuhoo Finance Pvt Ltd

2/2025 Present

Mumbai , India

Working at Kuhoo Finance, an RBI-registered NBFC (Non-Banking Financial Company) that provides education loans to students. I manage the complete DevOps ecosystem, including cloud infrastructure, CI/CD pipelines, security, observability, and cost optimization across AWS and Kubernetes platforms.

Key Projects :-

- Istio Policy Enforcement:** Implemented access control and rate limits using Istio features.
- Cloud Cost Optimization:** Achieved annual savings of ₹24 lakhs by tuning resources and monitoring usage.
- Unified Observability:** Centralized logging and monitoring with ELK, Prometheus, and Signoz for faster debugging.
- Secure Environment Architecture:** Designed and implemented secure architecture for SIT and UAT internal applications, ensuring isolation, controlled access, and compliance.
- Disaster Recovery (DR) Implementation:** Designed and implemented a disaster recovery strategy with data replication, backup automation, and failover mechanisms to ensure high availability and business continuity.

Technical Skills :-

- CI/CD Tools:** GitLab, Jenkins, ArgoCD
- Cloud Platforms:** AWS (EC2, EKS, RDS, ECR, VPC, ALB, NLB, WAF CloudWatch, DMS, ElastiCache, MQ, KMS, S3, IAM, ACM, Secrets Manager, CloudTrail , Route53)
- Containerization & Orchestration:** Docker, Kubernetes, Istio
- Monitoring & Logging:** Prometheus, Grafana, ELK Stack, Signoz, Sentry
- Infrastructure as Code:** Terraform
- Security & Networking:** Istio AuthN/AuthZ, Rate Limiting, VPN, AWS IAM, KMS
- Programming & Scripting:** Python, Django

Junior Devops Engineer , at The Data Tech Labs

09/2024 01/2025

Pune, India

Responsible for designing, deploying, and maintaining scalable cloud infrastructure and automated CI/CD pipelines on AWS and Kubernetes to ensure high availability, security, and performance. Collaborated closely with development and QA teams to streamline deployments, optimize servers, and implement robust monitoring and logging solutions.

Key Projects :-

- Enterprise CI/CD:** Automated deployments on AWS using Docker and Jenkins, achieving a 40% reduction in deployment time.
- End-to-End CI/CD Pipeline Setup:** Designed and implemented complete CI/CD workflows using GitLab, Jenkins, ArgoCD, and Docker—automating build, test, and deployment processes for multiple microservices.

Technical Skills

- CI/CD Tools:** Git, GitHub, Jenkins, ArgoCD
- Cloud Platforms:** AWS (EC2, EKS , ALB, RDS, S3, IAM , ECR , VPC ,Route 53, ACM)
- Containerization:** Docker, Kubernetes
- Monitoring:** Prometheus, Grafana
- Web Servers:** Apache, Nginx
- Programming:** Python, Django

INTERNSHIP

Project Traniee DevOps , at Assetrak Solutions Pvt Ltd

7/2024 08/2024 Pune, India

- Hands-on experience with CI/CD automation using Jenkins, Git, and GitHub.
- Strong expertise in Docker and Kubernetes for containerization and orchestration.
- Experience managing AWS infrastructure (EC2, EKS, ALB, RDS, ECR, S3, ASG).
- Skilled in application deployment and web server management using Apache and Nginx.

EDUCATION

Bachelor of Engineering (B.E.) in Computer Science

Savitribai Phule Pune University, KJ College of Engineering and Management Research, Pune

2024 Pune, India

HSC (12th)

Purandar Junior College , Saswad

2020 Pune, India

HSC (10th)

Gurukul English Medium School , Jejuri

2018 Pune, India

EXTRA CURRICULAR ACTIVITIES

★ Academic Achievement

Awarded Student of the Year in Engineering

★ TechnicalCoordinator , atKJCOEMR

Managed technical events, workshops, and seminars, fostering collaboration between students and industry professionals.

★ Community & Social Service

Actively participated as an NSS Volunteer at KJCOEMR, contributing to campus cleanups and community outreach programs. Led a 50-member NSS camp focused on social service initiatives in rural village areas.

★ Academic Excellence

College Topper in Computer Engineering.
